MESSAGE FROM THE CHIEF EXECUTIVE OFFICER

Dear Esteemed Client and Partner

It is with utmost pleasure to introduce to your organization our short courses which may help in [Planning and Reviewing Training Plans and Budget](#). The courses offered at Commonwealth Institute are based on thorough research of client's needs and market requirements. These categories are constantly reviewed and updated to ensure they include the latest subjects and those that are most relevant to today's business environment.

Commonwealth TCA continues its mission to contribute to the effectiveness and efficiency in capacity building and generally increases the performance in government ministries, government agencies, NGOs, other public institutions and private sector.

Over the past few months, Commonwealth TCA has perfected its know-how in distance education and the organization of virtual events. Our team can take care of organizing your virtual event (general assembly, webinars, forum, etc.).

Online training remains available on demand and we fully understand that virtual methods can have an appeal in reducing costs and avoiding travel. However, nothing can replace human contact and face to face encounters. We certainly favor in-person learning for all the advantages it offers: exchange with peers, enriched training experience, networking, availability of the trainer, the discovery of new places and new cultures and more.

Because we are aware of the fact that training budgets decrease whereas capacity building needs become higher, we have decided to lower our tuition fees.

Our tradition of hospitality, our values of excellence and our commitment to customer satisfaction, are assets that distinguish us and that will turn your training into a unique and rewarding experience. I look forward to welcoming you to one of our training centers in **2026/2027**.

Rest assured that all sanitary measures will be respected so that your stay takes place in the best conditions and that your Commonwealth TCA experience is memorable.

On behalf of our entire team, I wish you good health and safety. We will be happy to see you again soon.

INTRODUCTION

Commonwealth Training and Consulting Africa

Commonwealth Institute of Management and Technology has gone through many transformations. **Commonwealth Training and Consulting Africa** is a subsidiary of Commonwealth Institute of Management and Technology mandated to conduct short courses, seminars, workshops and conferences in **Anglophone, Francophone and Lusophone countries**.

Today, Commonwealth TCA has set its sight on yet another challenging vision, one that transforms clients to partners and transcends quality by elevating it to trust. We want Commonwealth TCA to be our clients' most trusted partner in developing excellence for generations to come.

Management

Commonwealth TCA is managed by Chief Executive Director who is also an Academic Director by Operations Manager, Director of Finance & Administration, Director of Research & Consulting Services and Director of Training & Education

Core Values

The first of these core values is Mastery.

Commonwealth TCA is quite selective when it comes to hiring team members, at any level. Although talent and expertise permeate market, finding a subject matter expert who is competent in making subject matter experts out of others is not an easy feat. That is Commonwealth TCA's definition of Mastery; for what good is it to master a subject if one cannot pass this mastery to others? At Commonwealth TCA, we demand from our experts to be masters in their fields and masters in developing others as well.

The second core value is Excellence.

Ever since the firm was founded, Excellence, in one form or another, was part of its credo. The prospect of doing a good job might help a company climb the success ladder but it won't keep the company 'up there'. For success to be sustainable, it needs to be built on Excellence. Whether it is the promptness with which we respond to our clients, or the engaging environment we create in our training programs, we strive for Excellence in everything we do. We did it since we were established. That's what kept us among the leaders in this crowded industry. We will do it again going forward.

Innovation is the firm's third core value.

Tom Peters (the global management guru) said it best when he proclaimed "Innovate or Die!". At Commonwealth TCA, we are strong believers in the importance of Innovation. We were industry pioneers on many training fronts and we will continue our pursuit of innovation and creativity to ensure we stay aligned with our progressive clients. Be it the new products we launch every period, or the novel learning methodologies we introduce into our programs, or the creative solutions we provide to our demanding clients, we work hard on maintaining our innovative edge. We do so because we know how critical innovation is, in pursuing our new vision of earning and maintaining our clients' trust. Incidentally, our own periodic field research and publications ensure that our products and services are in line with the contextual and cultural environments of the geographical region we serve.

The fourth core value that will drive our mission is Reliability.

Personally, I don't know of any training firm in the region who is as reliable as we are. I realize it is a bold statement to make but Commonwealth TCA employs the highest number of full time subject matter experts in this region. We insist on this criterion when we hire because we know that freelancers and part-time staff, despite their cost effectiveness, cannot be continuously relied upon whenever our clients need them because they have their own agendas and plans. Our permanent professionals, on the other hand, are always at our clients' service. This is what sets us apart from the rest and makes us the most reliable firm in the industry. Our clients have relied on us for decades. Our reliability will ensure they continue to do so.

Client-Centricity is our last and most important core value.

In Commonwealth TCA, every fiber in our organizational fabric is designed with our clients in mind. The modular structure of our training programs, the client-focused mindset of every professional we have, and the flexible pricing structures we offer make our ability to customize client-centric products almost endless. That is why many of our clients have been with us since we were founded and why we will stop at nothing to keep them with us for generations to come.

Mastery, Excellence, Innovation, Reliability and Client-Centricity.

Going forward, these are the values we will embody in every action we do to remain at the forefront of the training industry in this region. These are the pillars we will rely on to become "our clients' most trusted partner in developing excellence for generations to come".

Our Strategic Objectives

Our strategic objectives (SOs) are directly linked to our Vision and Mission and are there to ensure our vision is achieved by carefully executing our mission. Our SOs for the years 2020-2025 are:

- Provide the most reliable training and consulting products and services in the region aimed at maximizing client trust and confidence

- Innovate continuously on all fronts to ensure alignment with clients' expectations is maintained
- Strive for excellence in design and delivery of all products and services
- Provide a motivating yet challenging work environment to increase employees' engagement with the company and its values

Our Vision

The vision of **Commonwealth TCA** is to become an excellent research, training and consulting resource center for Sub Saharan Africa.

Our Mission

Commonwealth TCA mission is to deliver professional quality research, training and consulting services both in private and public sector.

Tagline

Look forward to serve many for many years

Values

- Hard work
- Clear vision
- Integrity of our researchers
- Quality training
- Commitment to deliver quality research and consulting services
- Building long-lasting client relationships

Capacity Building

Seeking excellence, which is one of our valuable assets, has empowered us to design effective solutions performance to respond to our participants' needs. Our pragmatic and result-oriented approach has enabled us to succeed in our technical assistance missions to the satisfaction of our mentees and beneficiaries. Commonwealth TCA, specializing in capacity building and technical support interventions in project management, public procurement, public governance and sustainable development. We offer on-site training, tailored to your needs upon request, in various countries, as well as capacity building seminars. Commonwealth TCA has succeeded to be one of the main tenors of the continent in its field. We are highly active and we have an impressive network of experts. consultants well recognized in their field of expertise to intervene in a complete panel of coherence and expertise.

Our institute has the objective to promote mentees' capabilities and worth by acquiring resources and integrating them in a way that leads to change in individual behavior and ultimately to more efficient and effective operations of institutions and organizations.

Institutional Support

We provide support and expertise to many public organizations, including cross-sectoral and sectoral ministries, deconcentrated or decentralized public-sector organizations, parastatal organizations, state-owned companies, technical and financial partners, etc, offering a rich and diverse range

of consulting services, training programs and decision support system. Our initiative purposefully has paved the way for Commonwealth TCA to be the preferred destination for African managers and executives to develop and enhance their skills in a sustainable learning environment that advances capacitybuilding pursuits and enhance skills acquisition through the delivery of outstanding services, identifiable values, and exceptional experiences.

Research and Consulting Services

Commonwealth TCA provides consultancy services for period not exceeding 3 months in Project Evaluations(Baseline Surveys, Interim Evaluations, End of Project Evaluations, Impact Evaluations),Project Appraisals and Feasibility Studies,Environmental Social Impacts etc.

Our consultants and associate consultants include clinical scientists trained in infectious diseases, internal medicine, and pediatrics; epidemiologists and demographers trained in the core public health disciplines; social scientists ranging from economists and lawyers to medical anthropologists; as well as a diverse range of experts from other professions.

Study Trips

Anxious to bring a better value to its services, Commonwealth TCA has a key role to play in the implementation of lively technical workshops by professionals and visits to major sites to promote the exchange of practices and experiences.

Also Commonwealth TCA provides a one-day tour to tourist attraction sites near the center where the course is being conducted.

Our Courses

The courses offered at Commonwealth TCA are based on thorough research of client's needs and market requirements. These categories are constantly reviewed and updated to ensure they include the latest subjects and those that are most relevant to today's business environment.

Learning Environment

All our venues provide professional environment for learning, comfortable facilities and amenities such as Wi-Fi, air conditioning modern technology infrastructure to support the delivery of short courses which includes high-speed internet access, audiovisual aids, and multimediacapabilities, enabling instructors to enhance the learning experience through interactive presentations, videos, and other digital resources, tranquil environment conducive to concentration and reflection, networking and collaboration, and supportive staff.

Delivery Methodology

Courses are delivered using a combination of lectures, case studies, group discussions, practical exercises and the use of modern tools to enhance learning. Participants will be encouraged to participate and share their experiences during the sessions actively. In addition, real and practical examples of the concepts will be shared.
